

10th End-of-Year Conference of Swiss Economists Abroad

December 18, 2015, University of Fribourg

The event is open to the public. Please register by October 20th at <http://www.swisseeconomistsabroad.org/meetings/>

Economists from Switzerland are doing research all around the globe. In order to facilitate contact and academic exchange between those researchers and to strengthen their ties to Swiss research institutions, the Network of Swiss Economists Abroad has been founded. One way in which we facilitate contact between Swiss economists abroad is through the organization of an annual end-of-year conference where Swiss economists from abroad are presenting their current work. Attendance to the conference is open to all.
